DAH RESEARCH CENTRE

The Scientific Research Center was established in 2012 to promote, encourage, and support the University's advancement of research and development. The center aims to support faculty, students, and researchers by establishing policies and guidelines to govern research practices to protect the safety and confidentiality of human subjects, conform to research ethics, and offer programs to support DAH researchers in DAH research priorities aligned with the national priorities and the global needs. The center also empowers DAH researchers by facilitating workshops and lectures on research and publishing presented by distinguished researchers in addition to providing support and services to DAH and non-DAH researchers.

Research Mission

To create a culture of research that contributes to the knowledge economy by empowering researchers and encouraging research excellence.

Research Priorities

Economic Prosperity

Deep-Rooted Identity

Quality Life

Sustainability

Investing in
the Future

STRATEGIC RESEARCH OBJECTIVES

1

Establish and promote strategic and sustainable research collaborations

2

Improve research capacity and efficiency

3

Improve research governance and infrastructure

4

Promote research excellence and innovation

5

Encourage joint research (intradisciplinary, multidisciplinary)

6

Encourage research publication in alignment with national and international research standards and priorities

7

Facilitate student research opportunities and raise its visibility to the community

8

Support and commercialize research and innovations

FACULTY AND STUDENTS RESEARCH ACHIEVEMENTS

FACULTY CONFERENCES

No	Name of faculty	Conference Name	Type
1	Dr. Ahlam Alaki	International Conference on Myths, Archetypes and Symbols: "Models and Alternatives"	Presented the paper titled "Representation and Interpretation of Three Female Archetypes in the Arabic Literary Tradition between Mythology and Symbolism: the Goddess, Snake, and Ogress Figures" and chaired the session entitled "Meaningful Magic: Power in Supernatural Context" at the International Conference "Models and Alternatives"
2	Dr. Ahlam Alaki	10th Education, Social Sciences, and Humanities Global Conference	presented the paper titled: " Unlocking English Proficiency: The Power of Storytelling for Arabic Speaking University Students"
3	Dr. Alaa Najjar	Conference of Curriculum and Teaching Methods	Attendance and participated with research titled: "A Descriptive Case Study to Identify the Impactful Instructional Strategies that Support Arabic Students between Six to Twelve Year Olds in Becoming Proficient in the Development of Oral and Written Arabic Language"
4	Djihed Berkouk	Forum Acusticum 2023	Presented the paper titled: Preliminary results of the Soundscape Attributes Translation Project (SATP): lessons learned and next steps
5	Dr. Ghadah Alghamdi	The Twelfth International Conference on Knowledge Capture" at Pensacola - Florida, USA.	Presented the paper titled: Focus Set Semantic Differences
6	Dr. Imed Ben Dhaou	The 1st International Conference	Presented the paper titled: Harnessing the protentional of artificial intelligence of things to achieve UN sustainable development goals
7	Dr. Imed Ben Dhaou	At the 20th ACS/IEEE International Conference on Computer Systems & Applications (AICCSA 2023)	Presented the paper titled: MAM: Multimodel Attention Mechanism for Social Media Natural Disaster Management Tweet Classification
			Presented the paper titled: The Internet of Things (IoT) Contribution to Natural Disaster Management: Review
			Presented the paper titled: An Ensemble-based Neural Network Model for Natural Disaster in 2019
			Presented the paper titled: A Disaster Management System Using Cloud Computing

FACULTY CONFERENCES

No	Name of faculty	Conference Name	Type
8	Dr. Imed Ben Dhaou	International Conference on Advanced Innovations in Smart Cities	Presented the paper titled: Smart vegetable cutter for Smart Home
			Presented the paper titled: A Systematic Overview on Simulation of Connected Vehicles Infrastructure in Smart Cities
			Presented the paper titled: IoT-Fog Computing Sustainable System for Smart Cities: A Queueing-based Approach
			Presented the paper titled: A Comparison of Regression Techniques for Prediction of Air Quality in Smart Cities
			Presented the paper titled: Human Activity Recognition in Smart Cities from Smart Watch Data using LSTM Recurrent Neural Networks
			Presented the paper titled: Telecom Churn Analysis using Machine Learning in Smart Cities
			Presented the paper titled: Blockchain-enabled Device Authentication and Authorisation for Internet of Things
9	Dr. Layla Khoja	44th IAEE international conference 2023	Presented the paper titled: Accidental Face Recognition and Detection Using Machine Learning
			Presented the paper titled: Tail-based Risk Network in Energy Sectors
10	Dr. Taher Ayed	Trinity Business School in Dublin, Ireland.	Presented the paper titled: "The Mediating Role of Innovation and CSR in the Relationship Digitalization-Performance: Case of French Companies"
11	Dr. Taher Ayed	presentation at ESG2023	Presented the paper titled: "Exploring the Observed & Unobserved Heterogeneity of Attitude's Mediating Function in the Link Between Risk Perception & Entrepreneurial Alertness: A case of an Emerging Market"
12	Dr. Taher Ayed	IFKAD2023 conference	Presented the paper titled: "The impact of digitalization and knowledge sharing in French company's performance: The Mediating Role of SR".
13	Dr. Taher Ayed	AFC conference, Lyon	Presented the paper titled: "The Mediating Role of CSR in the Relationship Digitalization-Performance; Case of French Companies"
14	Dr. Ruaa Lary , Dr. Tasneem Kablion and Ms. Ayhan Neyaz	Cultural heritage between theory and practice conference	Presented the paper titled: "Expressions of cultural identity and social values in Saudi visual art creations"

FACULTY CONFERENCES

No	Name of faculty	Conference Name	Type
15	Dr. Samah Alagha	Gpdrlc2023: The Second Gpdrl College Of Law International Conference On Legal, Socio-economic Issues And Sustainability	Presented The Paper Titled: "Combatting Human Trafficking In Saudi Arabia"
16	Dr. Taher Ayed	Strasbourg, France, Xxiième Aims Conference.	Presented The Paper Titled: The Mediating Role Of Entrepreneurial Orientation And Its Dimensions In The Relationship Sr- Performance: Case Of French Companies.
17	Dr. Mona Haddad	International Austim Conference	Presented A Conference Presentation Titled: The Impact Of Intensive Training For General Education Teachers On The Inclusion Of Students With Asd
18	Dr. Randa Hariri	Digital Universities Mena 2023	Participated As Speaker
19	Dr. Randa Hariri	International Conference On Multidisciplinary Research Methodology & Ipr lcmrm - 2023	Participated As A Speaker And An Esteemed International Member In The Conference Advisory
20	Dr. Randa Hariri	The Fourth International Conference On The Future Of Digital Education In The Arab World	Participated As The Chair Of The Sixth Scientific Session Titled Issues And Challenges Facing E-learning

STUDENTS RESEARCH COMPETITION AY 2022-2023

Dar Al-Hekma University recognizes that rewarding outstanding outcomes is a vital motivator that contributes to an overall higher quality of student research. For the Academic Year 2022-2023, the Student Research Award was determined through a competition, a pivotal session of the Conference for Creativity in Teaching and Educational Leadership held in May 2023.

Award Participants:

A significant number of students [52] from all three schools actively participated in the poster category, adhering to the specified criteria, and presenting their work to the Student Research Award jury.

Competition Award Prize

1. First Place Award: **3000 SR**
2. Second Place Award: **2000 SR**
3. Third Place Project Award: **1000 SR**

The Winners in the Research Posters

CONFERENCE ON CREATIVITY IN TEACHING AND EDUCATIONAL LEADERSHIP

The Conference on Creativity in Teaching and Educational Leadership hosted experts in the field of education who presented and discussed the most important educational issues related to creativity and innovation in education as well as the challenges that people working in the field of education face. Other issues that contribute to the development of the educational sector and the professional development of teachers which, eventually, contribute to the advancement of education in general, are also discussed after which the presenters came up with applicable recommendations. The conference was honored by the presence of His Excellency the Director General of the Education Department in the Jeddah Governorate, Dr. Nayef Al-Zari', as a guest of honor and speaker.

MAIN RESEARCH PROJECT COLLABORATION

Imam Abdulrahman Bin Faisal University Agreement

جامعة الإمام عبد الرحمن بن فيصل
IMAM ABDULRAHMAN BIN FAISAL UNIVERSITY

In a three-year memorandum of understanding (MOU) with Imam Abdulrahman Bin Faisal University, we focus on collaborative research, training, and knowledge exchange. This partnership has provided valuable benchmarks and best practices for research at DAH. Key outcomes for the year 2023 include:

- A visit to IAU to gain insights into their research initiatives and best practices.

- DAH hosted a workshop by the VP of Research and Collaboration, sharing IAU's strategic Key Performance Indicators (KPIs) and best practices with management and faculty.

- Identifying key areas for collaboration in faculty and student research, with the SRC currently compiling necessary details.

- IAU's participation in the DAH conference, featuring a publication submitted by the university faculty.

MAIN RESEARCH PROJECT COLLABORATION

Elm Information Security Company

The SRC initiated communication with Elm Information Security Company, leading to potential research collaboration opportunities. Key outcomes for the year 2023 include:

- Elm researchers participated in the DAH conference poster publication, as invited by the SRC.
- Elm researcher's involvement in the final jury for a graduation project, as invited by the SRC.
- Collaborative efforts on a research proposal submitted to the Research and Development Authority.
- Approval of a research proposal by Elm, collaborating with DAH on data collection in 2024, involving faculty and students.

MAIN RESEARCH PROJECT COLLABORATION

Visiting Researcher Program

As part of our commitment to fostering a culture of collaboration and knowledge exchange, a Visiting Researcher program was launched. This initiative aimed to attract esteemed scholars from around the globe, enriching our research community with diverse perspectives and expertise. Through this program, DAH will foster interdisciplinary collaborations and expand the horizons of our research endeavors.
